ABOUT ME

I am a passionate PHP Developer with hands-on experience in Laravel framework. I specialize in developing scalable web applications, RESTful APIs, and dynamic websites using modern PHP standards and Laravel best practices. I have a strong understanding of MVC architecture, database management, and third-party API integration. I am eager to contribute to team success through hard work, attention to detail, and a dedication to continuous learning.

SKILL

LANGUAGES & FRAMEWORKS:

- Core PHP
- Blade Templating
